MOTIF

Palakkad Fort (Tippu's Fort)

Palakkad Fort also known as Tippu's Fort is an ancient granite Fort situated in the very heart of Palakkad Town. Elsewhere Forts are generally shields against fighting enemy. Here it was for communication between Palakkad and Coimbatore. It was built by Haider Ali of Mysore in 1766. The fort was taken over and modified by the British in 1790. It is now preserved by the Archaeological Survey of India. It houses a small museum and an open air auditorium. There is a children park also where children make merry of the things.

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village, Town and Ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of PCA data instead of the traditional Tahsil/Taluk/PS level Presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodities' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i) Status and Growth History of Towns, (ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. Taluk wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Censuses.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of **DR.V.M. GOPALA MENON**, Director of Census Operation, Kerala. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

New Delhi.

Registrar General &
Census Commissioner, India

PREFACE

District Census Handbook is a unique publication brought out uninterruptedly by the Census Organization since 1951 Census. The publication is widely used by Administrators, Planners, Demographers, Research Scholars and other data users. It contains village-wise and town-wise demographic and socio-economic characteristics of the district along with the status of availability of civic amenities, infrastructural facilities etc.

In earlier censuses, District Census Handbooks were published in single volume with two parts. Part-A of DCHB contained Village and Town Directory and Part -B contained Village and Town Primary Census Abstract data for each district. But this time, it is published in two volumes separately for Part-A and Part-B of each district without changing the nomenclature of DCHB of 2001. This volume contains the Village and Town wise Primary Census Abstract(PCA) along with Housing Amenities data.

From 2001 Census onwards, the software designed/created by the Data Processing Division of the Office of the Registrar General, India has been used for generation of tables. It reduced considerably the time taken for preparation of the District Census Handbooks. District Census Handbooks are published in Electronic form (pdf files) for the first time during the current Census.

I express my deep gratitude to Dr. C. Chandramouli, Registrar General and Census Commissioner, India, for his encouragement and valuable guidance for completion of this volume within a timeframe. I thank Shri Deepak Rastogi, Additional Registrar General (C&T), Shri A.P.Singh, Deputy Registrar General (Map), Dr. Pratibha Kumari, Assistant Registrar General (SS) of Office of the Registrar General, India for their guidance at each step in the preparation of DCHB. Special thanks are due to Shri. M.S. Thapa, Additional Director (EDP), Shri Anil Kumar Arora, Joint Director (EDP) and Shri Anurag Gupta, DPA (EDP) without their untiring efforts and support, we could not have completed the District Census Handbooks within this time. They were always willing to listen to our requests and find solution for the problems we faced.

All Departments of the State Government co-operated in giving data for inclusion in the publication. I thank the District Collectors, Tahsildars of every Taluk and Secretaries of Municipal Corporations and Municipalities in the State who painstakingly collected and furnished all the information needed by us. I also thank all the Departments of the State Government who co-operated with us in giving the data, especially, Directorate of Public Instruction, Forest Department, Rural Development Commissionerate, Industries Department, Economics & Statistics Department, Tourism Department and State Planning Board.

My sincere thanks are due to Shri N. Ravichandran, Joint Director of Census Operations for his valuable supervision and guidance for drafting this volume. In the beginning, non census data for District Census

Handbook were collected under the guidance of Smt. P. Girija, then Joint Director of Census Operations. Information for preparation of analytical notes and all data other than Census data were prepared and scrutinized under the guidance of Shri Francis. K. Manuel, Deputy Director, Shri P.P. Joy, Deputy Director and Smt. L. Ajitha, Asst. Director, Shri. A.K. Raman, Statistical Investigator-Gr.I (Retd.) and Smt. Biji.C.R, Statistical Investigator-Gr.II, did a great job of putting all the details together and checking them. My sincere thanks are due to them also. The Statistical Investigators-Gr.II and Compilers who assisted in the work also did a tremendous job. Digitized maps were used in the District Census Handbooks. This has improved the quality of the maps. I thank Shri K. Selvam, Senior Geographer and Shri K. Shasikanth, Senior draughtsman, helped in expediting the work. I am thankful to Shri A.N. Rajeev, Deputy Director, Shri A. Sri Raghu, Asst. Director and Smt. P. Lakshmikutty, Asst. Director and the staff in Census Section for the efforts taken for finalization of the Primary Census Abstract (PCA). My thanks are due to Smt. L. Ajitha, Shri K.Gireesh Kumar, Smt. P. Lakshmikutty, Shri Aswani kumar P.M, Shri Shailendra A. and Shri K. Gnanaprakasam, Assistant Directors for preparation of DCHB Volumes. My sincere thanks are also to Shri Francis K. Manuel, Deputy Director who was in charge of Data Centre and under his guidance and supervision, the data entry of Village Directory and Town Directory could be completed timely. Also he has shaped this particular volume in this way. The effort of many persons have gone into the preparation and publishing of this volume. I take this opportunity to record my gratitude to all of them.

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and most important commodities

manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i) Status and Growth History of towns, (ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities, (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. Taluk wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Censuses. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

BRIEF HISTORY OF THE DISTRICT

Palakkad District came into existence as an administrative unit on the 1st January, 1957. The ancient history of the District is closely associated with the mythical hero Lord Parasurama, said to have created Kerala and divided it into 64 gramams. According to William Logan, the author of the "Malabar Manual", the Pallava dynasty of Kanchi might have invaded Malabar in the second or third century. One of their headquarters was a place called 'Palakkada' which could be the present day Palakkad. Malabar had been invaded by many of the ancient rulers. For centuries it was ruled by Perumals having powerful "Utayavars" under them to hold authority in their respective territories. After the rule of Perumals, the country was divided among these chieftains. The Valluva Kolathiri (ruler of Valluvanad), the ruler of Vangunad (Kollangode Rajas) and Sekhari Varma, Rajas of Palakkad were the prominent rulers of those Perumals, the last being Cheraman perumal. The emergence of royal dynasties and principalities in this tract came only after the break-up of Perumal's empire. Of these Nadumpurayur Swaroopam and Tarur Swaroopam, Kollangode kingdom, Valluvanad and Kavalappara are important. A brief outline of these principalities are given in the following paragraphs.

The earliest dynasty which is believed to have ruled the area falling in this District was the Nedumpurayur Swaroopam. Palakkad Rajas who were supposed to be descendents of this Swaroopam had their original seat in Athavanad amsom (Ponnani Taluk), but later they exchanged their lands with Azhuvancheri Thamprakkal and established their headquarters in Akathethara Village of Palakkad Taluk. Palakkad Rajas, who are considered as offsprings of Namboothiri Brahmins and Kshatriya women, also owned the titles 'Vadakke Naikkans' and 'Thekke Naikkans'. However, very little is known about the activities of these Rajas. An earliest account available is the encounter of the forces of Palakkad Rajas with the help of Ernad, Valluvanad and Perumpadappu forces, against the forces of Kongu Rulers, who were instigated by Rashtrakutas. However, the Army of Nedumpurayur won the onslaught of the Kongapada. To commemorate this victory a unique festival, known as Kongapada, is conducted every year in the month of Kumbham in Bhagavathi Temple of Chittur. Consequent on the dissolution of Chera Empire, small principalities emerged in the political scene of Kerala and Utayavars or Naduvazhis became independent rulers. Nedumpurayurnad latter became Taravur or Tarur Swaroopam which had its seat at Tarur Village of Alathur Taluk about 40 km. south-west of Palakkad. The place is known as Edam and the members of the royal house called Achans. As there were no male members in Tarur Swaroopam, Princesses had to take their partners from the Perumpadappu Swaroopam (Cochin Royal house).

This matrimonial relationship later necessitated Tarur Swaroopam to support Perumpadappu in their fight against Zamorins of Calicut. Palakkad Rajas were always subjected to military and political pressures from the Zamorins and it was on their request that Haider Ali invaded South Malabar in 1756. When the British supremacy was established, Palakkad Rajas were pensioned off by the East India Company.

Besides this, a small kingdom in this tract was the Kollangode Kingdom, extending over eight Villages, in and around Kollangode, which was later

absorbed by the Zamorin. The Rajas of Kollangode also became a pensioner of the English East India Company.

The Valluvanad Kingdom (known as Vattabhakashani in Sanskrit and also as Orangottur Swaroopam) was founded by one Rajasekhara who lived in the 10th century A.D., with its capital at Valluvanagram i.e. Angadipuram (in Perinthalmanna Taluk of Malappuram District). The kingdom extended over to Perinthalmanna, Mannarkad and Ottappalam Taluks. According to earlier tradition, Chera emperors presided over the Mamamkam festival which was held once in 12 years i.e. a Vyazhavattam. The presidency of Valluva Kolathiri in Mamamkam festival caused envy among other rulers of Kerala, particularly the Zamorin. This resulted in constant conflicts between the two and ultimately Zamorin succeeded in evacuating Valluva Konathiri from Thirunavaya and declared himself as the Rakshapurusha or Protector of Mamamkam. During the time of Mysore invasion, the territory of Valluvanadu Raja was confined to Attappady Valley and portion of Ottappalam Taluk. At the time of Tippu's invasion he sought asylum in Travancore, and later when Malabar was ceded by the British, he entered into an agreement with the East India Company and became a pensioner. Kavalappara was a small territory, owned by a Nair Chief, known as Kavalappara Muppil Nair with some allegiance both to Cochin Raja and Zamorin. The East India Company eventually settled the claims of Kavalappara Chief by paying him Malikhana in return for his allegiance to the Company.

Palakkad being an upcountry, had little contacts with the western countries. The major intervention in the affairs of Palakkad Raja was from the Zamorins of Calicut. His expansionist policies resulted in a series of conflicts. The annexation of Naduvattom (which formed part of the territory of Palakkad Raja) in 1756-57 compelled Komu Achan, the Raja of Palakkad, to seek the help of the king of Mysore. The Mysorean ruler deputed Hyder Ali, who was the Faujdar of Dindigal to help Palakkad Raja but he had to leave for Seringapatam.

In his place his brother-in-law Mukudam Ali led the forces and the combined army put the Calicut forces to flight. The Zamorin had to give Rs.12 lakhs as War Indemnity. Haider ascended the throne of Mysore in 1761 but his conquests were confined to Central Malabar Region. After Haider's death, Tippu occupied his father's throne in November 1783. The English Army under Col. Fullerton captured Palakkad Fort and Zamorin was entrusted with the administrative control over the region. But Tippu's forces soon re-occupied the fort and extended his territory to almost all the south of Malabar. In November 1789 Tippu decided to invade Travancore and moved his forces via Palakkad, his southern Headquarters. But the conquest had to be suspended due to the onslaught of monsoon. Knowing the marching of the British forces to Seringapatam, Tippu decided to withdraw his forces from Kerala and left via Coimbatore in May 1790. Soon Cochin declared their allegiance to the British. The British forces under Col. Stuart besieged Palakkad fort on the 22nd September, 1790. By Seringapatam treaties signed on the 22nd February and the 1st March 1792, Tippu formally ceded Malabar to the British.

The British Government decided to revamp the administration of the newly ceded areas and for that purpose a Commission known as "Joint Commissioners" appointed to inspect into the State and condition of the previous Malabar and submitted the report on the 14th October 1793.

Primarily the claims of the local Rajas and chieftains were settled by the Commission which included Rajas of Palakkad, Kolathiri and Kavalappara Nair. On the 21st May 1800 Malabar became part of the Madras Presidency under the administration of Principal Collector stationed at Calicut.

Even though the District could achieve significant progress in various fields under British Administration, the period also witnessed some of the violent disturbances known as 'Mappila riots'. Those outbreaks also took place in various parts of the then Valluvanad, Palakkad and Ponnani Taluks, major portions of which now form Palakkad District. According to Malabar District Gazetteer, the Mappila outbreaks may be attributed to three main causes - poverty, agrarian discontent and fanaticism.

The formation of Congress organization in 1910 in Malabar paved the way for the national movement in the District. The first National Conference in the State was held at Palakkad on the 4th and the 5th May 1916 under the Presidentship of Annie Beasant. Malabar District conference held at Ottappalam on the 23rd April 1921, was an important turning point in the political movement of the country. The police excesses could not suppress the national awakening of the freedom loving people. Two publications, Mathrubhumi (started by K.P. Kesava Menon and other Congressmen) and Al-Amin (under the editorship of Mohammed Abdul Rahiman) which were released in 1923 and 1924 respectively fostered the spirit of nationalism. Their impact on the masses deserves special mention. A movement for the tenancy reform was started in Malabar during the same period under the leadership of Mannath Krishan Nair, K.P. Raman Menon, G. Sankaran Nair and others. Ultimately it led to the passing of the Malabar Tenancy Act of 1930. Many freedom fighters boycotted Simon Commission (1928) and participated in the Salt Sathyagraha (1930) and Civil Disobedience Movement. The emergence of Communist party in 1939 had its effects and influence among the working classes. The active participation of the people in the freedom struggle carried on till the achievement of Indian Independence on the 15th August, 1947.

As per the State Reorganization Act on 1st November 1956, Kerala State was formed comprising of Malabar District (Excluding Laccadive and Minicoy Islands) and Kasaragod Taluk of South Kanara District of Madras State and Travancore-Cochin State (excluding Thovala, Agastheeswaram, Kalkulam, Vilavancode and Shenkottah Taluks). With the enactment, Kasaragod Taluk of South Kanara District was made part of the new Malabar District. On the 1st January 1957, Malabar District was trifurcated into three Districts viz. Kannur, Kozhikode and Palakkad. Palakkad District thus formed consisted of old Valluvanad Taluk, Palakkad Taluk and portion of Ponnani Taluk of Malabar District and Chittur Taluk of erstwhile Travancore-Cochin State. On the same date, the Valluvanad Taluk was bifurcated into Perinthalmanna and Ottappalam Taluks. The old Palakkad Taluk was trifurcated into Palakkad, Alathur and portion of Chittur Taluk. The present Chittur Taluk thus covers the Chittur Taluk of erstwhile Travancore-Cochin State and 14 Villages of old Palakkad Taluk of the erstwhile Malabar District. The old Ponnani Taluk of Malabar District was also trifurcated to form Ponnani, Chavakkad and portion of Tirur Taluk. Of these, Palakkad District was formed comprising of 6 Taluks viz. Perinthalmanna, Ponnani, Ottappalam, Palakkad, Alathur and Chittur. Consequent on the formation of Malappuram District on the 6th June 1969,

the boundaries of Palakkad District underwent some additional changes. Mannarkad Taluk was newly formed comprising of 19 re-organised Villages of the erstwhile Perinthalmanna Taluk. Parudur Village of Tirur Taluk was transferred to Ottappalam Taluk. Ponnani Taluk which was part of Palakkad District was transferred to Malappuram District. Palakkad District was thus left with 5 Taluks viz. Ottappalam, Mannarkad, Palakkad, Alathur and Chittur. After 1971 Census there were no major changes in the District. The changes were confined to the re-naming of 3 Villages viz. Attappady-I, Attappady-II and Attappady-III of Mannarkad Taluk as Agali, Pudur and Sholayur respectively and addition of Silent Valley Reserve Forest of Karuvarakundu Village of Ernad Taluk to the newly renamed Pudur Village of Mannarkad Taluk. The changes in jurisdiction effected during 1991-2001 are given in the District Census Handbook of Palakkad District, 2001.

ADMINISTRATIVE SET UP

There are two systems of administrative set up in the District - Revenue and Local Self Government. Under the revenue system a District is divided into Revenue Divisions, Taluks and Villages. However, for Local Administration, a District is divided into Statutory Towns and Panchayats. For the implementation of development activities Panchayats are grouped under Community Development Blocks. Therefore all these units viz. Taluks, Villages, Panchayats, Panchayat wards, Statutory Towns and Community Development Blocks have their own relevance and importance. This Handbook contains data for all these units.

This District now consists of two Revenue Divisions of Ottappalam comprising of Ottappalam and Mannarkad Taluks (66 Villages) and Palakkad comprising of Palakkad, Chittur and Alathur Taluks (90 Villages). There are 5 Taluks and 156 Villages in the District.

Under the Local Self Government System, the District is divided into 4 statutory Towns and 13 CD Blocks consisting of 91 Panchayats. The distribution of Villages, Towns, CD Blocks and Panchayats in each Taluk are given below.

Distribution of villages, Towns, Development Blocks and Panchayats as on 31.12.2009

| Name of district/ taluks | Total no. of villages | No. of villages falling in | | | | No. of towns | | No. of CD blocks | No. of pan ch- ayats |
|-----------------------------|-----------------------------|----------------------------|--------|------------|--------|-------------------------|---------------------------|------------------------|----------------------------------|
| | | Rural area | | Urban area | | Statu- tory towns | Cen- s-us tow ns | | |
| | | Wholly | Partly | Wholly | Partly | | | | |
| Palakkad district | 156 | 129 | 2 | 25 | 2 | 4 | 17 | 13 | 91 |
| Ottappalam Taluk | 41 | 30 | - | 11 | - | 2 | 7 | 4 | 31 |
| Mannarkkad Taluk | 25 | 24 | - | 1 | - | - | 1 | 2 | 13 |
| Palakkad Taluk | 30 | 20 | - | 10 | - | 1 | 6 | 2 | 19 |
| Chittur Taluk | 30 | 26 | 2 | 2 | 2 | 1 | 2 | 3 | 16 |
| Alathur Taluk | 30 | 29 | - | 1 | - | - | 1 | 2 | 18 |

CD Block/Panchayat spill over cases are counted against District/Taluk in which major portion of the same lies. The following CD Blocks and Panchayats lying in more than one Taluk are counted under the Taluks in which they lie partly.

- 1) Ottappalam and Palakkad C.D Blocks lie in Ottappalam and Palakkad Taluks.
- 2) Kuzhalmannam C.D Block lies in Palakkad and Alathur Taluks.
- 3) Nenmara C.D Block lies in Chittur and Alathur Taluks.
- 4) Lakkidi-Perur Panchayat of Ottappalam C.D Block lies in Ottappalam and Palakkad Taluks.
- 5) Mannur Panchayat of Palakkad C.D Block lies in Ottappalam and Palakkad Taluks.
- 6) Mankara Panchayat of Palakkad C.D Block lies in Ottappalam and Palakkad Taluks.

Jurisdictional Changes during the decade (2001-2009)

In Census terminology, the jurisdictional changes mean more than the changes in the boundary of administrative units. It also means change in the status of administrative units, resulting from its declassification, de-notification and up gradation. It further means change in the name of administrative units, etc.

In Palakkad District, one new Grama Panchayat viz., Thenkara was formed after 2001 Census.

DISTRICT HIGHLIGHTS – 2011

- District, known as Palghat in English version, came into Palakkad existence on the 1st January, 1957.
- Among the Districts, Palakkad District ranks the 1st in area (4482 Sq.km)
- The District recorded 13th position in the literacy rate (89.31 per cent).
- In Density, the District occupies the 11th position (627).
- The District has 5 Taluks, 4 Statutory Towns, 17 Census Towns, 13 Community Development Blocks and 91 Panchayats.
- In the percentage of Scheduled Caste Population to total population (14.37 per cent), the District ranks the 1st in the State.
- In child sex ratio (0-6 age group) the District has recorded the 5th position in the State.
- The urban Density of Palakkad (4692 sq.km) is lower than that of State urban Density (4900).
- Palakkad occupies the 3rd position among the Districts in the percentage of agricultural labours.
- The District recorded the 7th rank in total, 5th female work participation rate (20.42 per cent) and 54.88 per cent in male work participation rate which denotes 4th position.
- In Urban and Rural work participation rate (34.79 per cent and 37.83 per cent), the District occupies the 7th place in rural and 5th place in urban.
- The District holds the 11th rank in work participation rate of marginal workers (16.00 per cent).
- Palakkad stands at the 4th position in the percentage of main workers (83.99 per cent).
- In sex-ratio, the District has the 10th position (1067).
- Palakkad District is called the 'rice ball' of Kerala on account of its net sown area under paddy cultivation.
- Silent Valley national Park in the District is a unique preserve of tropical rain forest with an almost unbroken ecological history.

Important Statistics

| | | State | | District | |
|---|---------------|-----------|------------|----------|------------|

| | Females | 2,470,885 | 78.01 | 153,245 | 51.73 |

Section - I

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without a break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of

Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 alongwith a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during House listing & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their States/UTs. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area

population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of population distribution and characteristics. A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFQA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is an important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary

Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract -District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes -District/C.D. Block/Town.
4. Village Primary Census Abstract -C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.

District Primary Census Abstract

DISTRICT PRIMARY

| Location code number | District/ CD Block/ Town | Total/ Rural/ Urban | Area in Square Kilometre | Number of households | Total population (including institutional and houseless population) | | | Population in the age-group 0-6 | | |
